

Sustainable Jersey for Schools Previous Program Updates

Updated October 19, 2023

On a continuous basis, through the help of the task forces, the Certification Standards Committee reviews Sustainable Jersey for Schools program content, standards, and feedback to ensure actions are relevant, appropriate and up-to-date with current best practices. Sustainable Jersey for Schools announces new program and action updates every year at the annual New Jersey School Boards Workshop in October. New actions and action updates are typically implemented by January 1st.

New Digital Schools Star Recognition

2021 was the first-year applications were accepted for the new Digital Schools Star Recognition. Please see [Digital Schools Star Recognition](#) for more information.

The Sustainable Jersey Digital Schools program was created in partnership with the New Jersey Department of Education and the New Jersey School Boards Association and endorsed by [New Jersey Leadership for Educational Excellence](#). It builds on the legacy of the Future Ready Schools - New Jersey (FRS-NJ) program by integrating FRS-NJ topical areas and content into the Sustainable Jersey for Schools certification program, which the original FRS-NJ program was modeled after.
